Slot Machines In Columbiana, Leetonia Seized

Among 166 Gambling Devices Rounded Up In Ohio By FBI

Slot machines—166 shiny new ones worth an estimated \$33,311—were stacked in a Cleveland west side warehouse today while authorities sought a federal court order to destroy them.

FBI agents grabbed the machines yesterday in a raid that coincided with similar seizures of nearly 1,200 slots in Illinois, Pennsylvania and South Carolina.

In Ohio, 157 of the machines were taken in Akron, four in Columbiana, three in Leetonia and two in Wadsworth.

Not Registered

The slots, many still in their original cartons, were seized because they had not been registered with the Justice Department as required by the Johnson-Preston Act which Congress passed 14 months ago.

U. S. Attorney John J. Kane said no arrests were made and no criminal action was planned against the persons from whom the slots were taken.

Three machines seized at the Leetonia American Legion Post 131 were in storage, but four taken from the Veterans of Foreign Wars post, East Friend St., Columbiana, showed evidence of use, FBI Agent Paul J. Shine said.

FBI agents were in Salem last week checking serial numbers of stored slots.

Manufactured In Akron

The slots seized in Ohio were manufactured by the Balaun Manufacturing Co. of Akron, which was organized in July, 1950, and went out of business last March, two months after the new federal law against slots, agents said.

Louis A. Seikel, former secretary of the Balaun firm, had 32 of the devices stored at his home; 125 more were in a Balaun company warehouse, and two others were at the home in Wadsworth of Floyd E. Serfass, a former Balaun director.

Shine, Cleveland agent in charge, who set the value of the confiscated slots at \$33,311, said the devices were of a new type where the player writes down a number from 1 to 1,000 on a slip of paper in a slot at the top of the machine. He puts in a coin, spins a numbered reel, and if the reel stops at his number he is paid off.

Communists Advance Equipment Proposal

MUNSAN, Korea (AP)—The bogged-down Korean truce talks bogged down even further today as Communist negotiators insisted that neutral teams including Russians be permitted to inspect secret equipment during an armistice.

Staff officers working on truce supervision wrangled fruitlessly for more than an hour, but the prisoner exchange subcommittee called it a day after only 12 minutes. Negotiators agreed there was no point in rehashing old arguments.

The deadlock has become so serious observers here said they believe only action at the top level could end the stalemate. American Sabre jets destroyed a Communist MIG and damaged another today in a 10-minute battle. The dogfight ranged as far south as the North Korean capital, Pyongyang, just 70 miles north of Parallel 38.

Allied fighter-bombers cut Communist rail lines in 92 places and destroyed or damaged 50 boxcars, the Fifth Air Force said. Marines Corsair pilots reported destroying two Communist tanks in attacks northeast of Pyongyang, apex city of the old Communist Iron Triangle.

On the ground, hit-and-run Allied raiders killed 40 Communists and wounded 30 in four fire-fights west of the Mundung Valley in eastern Korea.

U. N. artillery and infantrymen pinched off a Chinese Communist attack near the old Iron Triangle on the central front Thursday morning.

Refusal To Open Justice Dept. Records Flayed

House Investigators Demand Explanation For McGrath's Act

WASHINGTON (AP)—House investigators demanded an on-the-spot explanation from Attorney General McGrath today for Justice Department refusal to open up its records to them.

The situation contained the elements of a new and explosive contest between the Truman Administration and a committee of Congress digging into charges of corruption and irregularities in government.

Rep. Chelf (D-Ky.), chairman of a special judiciary subcommittee investigating McGrath, threatened to use the subpoena powers of Congress or go directly to the President if McGrath persisted in his refusal to comply.

Chelf's statement came last night following a hastily called committee session to consider a letter from Assistant Attorney General Joseph C. Duggan. Duggan, acting for McGrath, contended the committee was exceeding its powers.

Moreover, Duggan told the Chelf committee — just starting its inquiry into McGrath's conduct of office—that the executive branch of government was "independent (of) and equal" to Congress and that:

"In any event, we could not comply with any such request."

It caught the committee by surprise. After a three-hour huddle, Chelf announced that McGrath will be called on to "explain more fully why he cannot comply with the committee's request."

McGrath himself was out of Washington. But Chelf issued a summons today to the attorney general—or to his deputy, if McGrath cannot be located.

As to the challenge to the committee's authority, Chelf retorted "not only does the committee have the authority, but it intends to exercise that authority."

The assembly was due to vote later today on his bid to be premier. If he is approved, then he must try to form a cabinet.

Premier Edgar Faure was tumbled out of office last Friday because the assembly refused his demand for 15 per cent higher taxes to pay for expanded rearmament.

Pinay told the assembly he also would introduce a bill restricting the right to strike. Many parliamentary observers said the statement greatly weakened his chances of being approved as premier because it would probably cost him many leftist votes.

Pinay, a 60-year-old independent conservative who was transport minister in Faure's cabinet, called for "a political truce" to permit solution of the nation's grave financial crisis.

He said French financial obligations to foreign countries will be respected. "France will pay," he insisted. "Her checks cannot be questioned."

The government recently borrowed 25 billion francs (71 million dollars) to meet government payrolls. She owes about 80 million dollars in hard money to western European nations for February imports, but doesn't have the cash to pay.

Pinay said he would introduce a bill within three months to make wholesale tax reforms and suggested the reforms might make the much-evaded tax burden lighter instead of heavier.

He warned that unless something is done about the financial situation there would be "despair in our homes and disorder in the streets."

French Assembly To Vote On Pinay

Confirmation Required To Form Cabinet

PARIS (AP)—Premier-designate Antoine Pinay pleaded with the National Assembly today to confirm him in office so France could continue "to defend freedom in Asia and rearm in Europe."

The 1952 budget bill is 400 billion francs (\$1,143,000,000) in deficit. Pinay said he would try to balance it by attacking tax evasion and cutting administrative costs before asking higher taxes.

43 County Teachers Attend Art Workshop

Forty-three teachers from the western part of the county attended an art workshop Wednesday night at West Local School in East Rochester.

Henry Ray, elementary supervisor for the Alliance schools, was consultant. He showed slides of art development in the Alliance system and demonstrated art techniques.

Two similar workshops are planned, one Wednesday night at New Waterford School and another Monday night, March 17, at No. 16 school near Wellsville.

Lattimore Denies Giving Approval To Finnish War

Tells Senate Group It Was "Outrageous" On Part Of Russia

WASHINGTON (AP)—Owen Lattimore denied under a barrage of questions today that he sought to justify Russia's invasion of Finland in 1939.

Lattimore told the Senate Internal Security Subcommittee his personal feeling at the time was that the invasion was "an outrageous thing on the part of the Russians, but I also believed politics of Europe had reached a pretty low level."

Senator Ferguson (R-Mich.) kept hammering away on the theme that Edward C. Carter, then secretary-general of the institute of Pacific relations (IPR), asked Lattimore about the most convincing statement as to Russia's justification and that Lattimore replied with his views on the matter.

Correspondence between Carter and Lattimore on the Russian invasion went into the record of the subcommittee as Lattimore, Johns Hopkins professor and Far Eastern specialist, testified for the ninth day.

The subcommittee is searching for subversive influences on U. S. policies, particularly in the Far East.

The correspondence started off with a letter from Carter to Lattimore, dated April 26, 1940. It said:

"Where in English or French or Russian has there appeared the most convincing (I mean convincing to the bourgeoisie readers) statement as to the U. S. S. R. justification of the Finnish campaign? The Soviets clearly regard the action as a necessary defense measure. Three-fourths of the rest of the world still regards it as unprovoked aggression."

"Have you written or are you writing anything on this line?" Lattimore testified that while he felt "the betrayal of Czechoslovakia by England and France" had reduced European politics to a "pretty low level," he didn't feel that the invasion of Finland was justified.

Motor Club Plans Membership Drive

President Mark Klingensmith presided at a meeting of the Board of Directors of the Columbiana County Motor Club last night in Lisbon.

Plans for a "Member, Get a Member Jubilee" campaign were approved by the club. The plan is for every member to secure an additional member in 1952.

Club Service Director R. W. Campbell outlined plans for taking 27 patrolmen to Washington in May for the annual patrol rally. Various organizations will underwrite the expense.

The monthly report submitted by Manager A. P. Morris showed the club has a membership of 3,842, while 58 other applications have been approved by the board.

Northeast Ohio School Board Men Organize

Over 200 schoolmen and board of education members from 22 northeastern Ohio counties, including Columbiana, met Wednesday night at Kent State University to form the Northeastern Ohio School Board Association.

Robert Williams of Lisbon and Henry Garrod of New Waterford were named to the 12-man steering committee delegated to draw up a constitution and by-laws and call the first meeting.

Antics of Pets Make Headlines

It's An Animal World, After All

Animal stories made human interest news Wednesday. If you don't believe it, read about:

A chicken with red underwear; a dog who took a nip in the line of duty; a seeing-eye canine back to work after an eye operation; a happy-time tail in court; the contested will featuring Teddie the Terrier; and a "purr-o-graph" or two on the controversial case of the baked cat.

In a Manhattan hotel, black Minnie the Hen laid them in the aisles with her red-flannel, rubber-lined pants, saucy suspenders, and a vivacious vest.

Minnie mooched into New York with her mistress, Mrs. Eva Anderson, of Harwick, Pa. By outfitting Minnie, Mrs. Anderson won a Pittsburgh television station contest for the "most unusual object made on a sewing machine at home." (Could you say she won on a fowl?)

Commented Mrs. Anderson: "The only trouble with clothing poultry, they quit laying."

At Port Washington, N. Y., "Smoky," Dalmation fire company mascot and watchdog, took matters into his own teeth—and was slapped in quarantine and faces a departmental trial.

Smoky nipped a lady as she walked between fire trucks being washed on the firehouse runway. Smokey is in the "poker" but a fire company spokesman insists:

"You can't blame him. He has a very strong sense of duty."

In New York City, a happy reunion ensued between sightless Mrs. Elba Velez and Pavia, her seeing-eye dog. The dog had become a victim of cataracts and was slowly losing its sight. It had to be operated on last month.

Yesterday, with the surgery successful, Mrs. Velez and Pavia took their first walk together in weeks. Said Mrs. Velez: "I needn't say how happy I am."

In Dallas, "Sam" the hound dog took the witness stand. When George Kelly walked in-

to the courtroom, Sam waved his tail like mad.

Ruled the judge: "This hound dog belongs to you, George." Separated from his master, Sam had been bought by another man who said he would give up the dog only "if he recognizes George."

In New Brunswick, N. J., "Teddie" the Terrier had his legal troubles, too. Teddie's master, the late Russell S. Scott, left him a \$5,000 trust fund. A first cousin of Scott's is trying to break the will, claiming he is the sole heir.

In Minerva, O., they're still discussing the calico cat—two years after she spent 36 hours in a sealed, fiery-hot brick kiln.

The cat isn't quite as good as new, but she is stalking around.

Two years ago tomorrow the pussy strolled into a brick kiln, which then was sealed and heated slowly to 920 degrees. A day and a half later, the kiln door was opened and kitty staggered out—minus two inches of tail and with seared ears, fur and feet.

Truman Believes Every Bit Needed To Stop Russia

Congressional Ire Rises Over Request For \$7.9 Billion

WASHINGTON, March 6 (AP)—President Truman asked a critical Congress today to vote every penny of his \$7,900,000,000 new global foreign aid program to meet a Soviet threat against the "survival of civilization."

Tonight the President, fully aware of mounting congressional ire over foreign aid spending, will go on every major radio and television network at 10:30 to carry his plea to the people.

Talk of withdrawing to the Western Hemisphere "has momentary seductiveness," the President said, "because it would seem to relieve us of the contributions we are now making to collective defense."

But he said the adoption of such a policy would be a "mandate for national suicide."

Tells Spending Program

The President said the money he is asking for would be spent to send arms to America's allies in Europe, to build up Allied nations in the Middle and Far East, to help European countries manufacture their own arms, and to raise the living standards of Red-threatened nations in Africa and Asia.

Not a single dollar should be cut out of the proposed program, the President asserted, lest this nation be guilty of a "false economy" of "too little and too late."

In a special 7,500-word message, Mr. Truman anticipated the attacks of critics and economy advocates. He built his argument for carrying on the mutual security program around four basic reasons, which he set forth in these words:

"First, the plain fact is that we cannot achieve lasting security."

Laborites Seek To Curb Bevan

Leaders Angry Over His Splitting Party

LONDON (AP)—Worried Socialists leaders tried to decide at an emergency meeting today how to curb rambunctious Aneurin Bevan and keep him from splitting the Labor party wide open.

Bevan, 54-year-old left winger who wants to be prime minister if Britain has another Socialist government, led 56 other Laborites in open defiance of party leader Clement Attlee's voting instructions in the House of Commons last night.

Their defection let Winston Churchill's Conservative government beat down a Labor "no confidence" motion by a startling 95-vote majority instead of the 30 or so votes usual on such ballots.

Most members of Parliament agreed that even though Attlee still controls three-fourths of his party's members in the House of Commons, he must do something quickly or his authority as party leader is gone. They thought, though, any disciplinary action would stop short of expulsion from the party of Bevan and his 56 fellows in defiance.

Attlee backed by more than 200 other Labor members of the House, had ordered all Socialist members to vote for the Labor amendment expressing lack of confidence in the ability of the Churchill government to carry out the \$13,160,000,000 arms program. He told them to abstain from voting on a government motion approving its handling of the plan.

Bevan and his followers who think the arms program is too big, and some Socialist House members who oppose rearmament on pacifist grounds did just the reverse.

The Socialist amendment was rejected 219-341, with the Bevan group abstaining. As Attlee and his followers abstained, the Bevanites voted against the government motion, which carried 313-55.

Six Firemen Overcome In \$100,000 Fire

YOUNGSTOWN (AP)—Damage was estimated by firemen at \$100,000 today in a stubborn blaze that swept through two downtown office buildings and resulted in six firemen being overcome by smoke.

The fire broke out around 7 last night and was not brought under control until two hours later. It nearly wrecked the Treudley Building on Commerce St., and severely damaged the Home Equipment Co., building next door.

Smoke, coming from burning cardboard filing cases, impregnated with sulfur, in the H. H. Treudley Office Supply Co., knocked out six firemen. Three were revived with oxygen on the spot, but the others had to be treated at Southside Hospital.

The Captains Dan Eberhart and Dan Belcher were released from the hospital and returned to the fire, but fireman Thomas Blair had to be kept overnight.

Because of the smoke and danger of spreading fire, all 125 residents of the neighboring central YMCA were ordered out of the building. More than 300 bowlers at the Champion alleys had to cancel their games and leave.

Assistant Fire Chief Frank L. Quinn said the cause of the blaze had not been determined.

Stoves, refrigerators and other appliances of the Home Equipment Co., were stored in both buildings.

MARINE Pfc. Robert William Reynolds (right) is congratulated by his commanding officer, Lt. Col. John E. Gorman of Los Angeles after the Salem soldier was awarded the Bronze Star medal in Korea.

Salem Marine Wins Bronze Star For Heroic Action In Korea

Pfc. Robert William Reynolds, 21, husband of Rhoda Zimmerman Reynolds of RD 5, Salem, has been awarded the Bronze Star medal for heroic achievement in connection with operations against the enemy while serving with a Marine Infantry company in Korea.

The son of Mr. and Mrs. D. C. Reynolds of the Franklin Rd., he is the fourth son of the Reynolds to serve with the Marines.

The First Marine Division reports from Korea that young Reynolds received his citation for his work with a reconnaissance patrol when it was temporarily pinned down by enemy fire, Sept. 28, 1951. His citation further reads: "Immediately, and with no regard for his own safety, he carried forward a light machine gun and, while exposed to withering fire, he put it into action. The protective fire from his weapon enabled the platoon to maneuver to advantageous ground, and resulted in at least one enemy bunker destroyed."

A graduate of Salem High School and former Salem China Co. worker, he enlisted in the Marine Corps in October, 1950, and arrived in Korea in May, 1951.

Service in the U. S. Marines has become a tradition with the Reynolds family, all four sons having served. Two saw action with the Marines in the Pacific during World War II. They were John, a four-year veteran who saw action on Guadalcanal, and James, now a state patrolman who was with a Marine communications division on Okinawa.

Another brother, Richard, served in the Marine Air Corps after V-J Day.

Inadequate Sewage Facilities In Ohio River Basin Are Cited

Sewage treatment facilities are needed at 1,082 municipalities and 680 industrial plants in the Ohio river drainage basin, the U. S. Public Health Service announced today.

This was the long-range program, estimated to cost \$350 to \$400 million, outlined in a joint federal-state report aimed at eliminating stream pollution.

Under the Ohio Valley Sanitation Compact adopted by Ohio and neighboring states whose waters empty into the Ohio River, every city and industry eventually must quit pouring polluting sewage into the streams.

15-Year Program
Many of the cities and industries affected already have sewage treatment plans on the drawing boards. The Public Health Service and the state of Ohio are pressing for others to get ready. The federal agency visualizes the possibility of a completed program in a 15-year period. Admitting that finances will

be a big stumbling block, Surgeon Gen. Leonard A. Scheele pointed out in his report that Congress in 1948 authorized financial assistance to the states and municipalities.

Stream pollution, the Public Health Service explained, means contamination of rivers or lakes by pouring into them untreated sewage from cities' sanitary and storm sewers and chemical and other wastes from various industries.

Engineers estimated the various sewage plants would cost between \$1.25 and \$1.40 per capita per year for 30 years. This would

include 2½ per cent bonds for building the sewage disposal plants, plus operating costs. East Liverpool and Wellsville would require new sewage disposal plants, the report said. Detailed plans for East Liverpool were approved in June, 1950, and for Wellsville in December, 1948. Detailed plans for a Steubenville sewage disposal plant were approved in January, 1950.

No Troop Commitments Made, Acheson Tells

WASHINGTON (AP) — Secretary of State Acheson told the House yesterday no troop commitments were made during the recent talks between President Truman and Prime Minister Churchill.

He said he was acting on directions from President Truman.

Acheson's statement was in the form of a letter to Speaker Rayburn (D-Tex). It answered a House resolution requesting "full and complete information" with respect to any troop commitments.

No UMT Now

THIS MUCH has come out of the latest round of debate on universal military training: Eventually, something will have to be done, unless the Communist conspiracy has a change of heart. But nothing will be done now.

There will be nothing done now for three reasons.

First, it would be bad politics to adopt such a principle on the eve of a national election which will be bitter enough without adding an emotional issue like UMT.

Second, it would be bad timing to introduce a new principle of training military manpower at a time when it would have to be made subordinate to Selective Service.

Third, the whole subject of how to maintain a high level of national defense is still new to Americans. They are not familiar with the harsh implications of this necessity. It will take several more years of fantastic military budgets before taxpayers understand what is involved in maintaining a large standing army. By that time, they will begin to see the merit of a large reserve.

There will be no UMT in 1952. The subject will come up again in 1953, unless someone has a flash of genius which produces a better idea. The problem will still be there, unless the Communist conspiracy turns to sweetness and light as its twin objectives.

But New Taxes, Never!

TO U.S. TAXPAYERS in the throes of settling current accounts with their government, the fall of French Premier Faure's cabinet over a proposal to boost taxes is ironic news.

The United States promised France at the Lisbon conference of the North Atlantic Treaty Organization a substantial increase in military assistance in order to speed up the development of a European military force.

The increase—\$300 million—will be roughly twice the estimated yield of the tax increase which led to the collapse of France's latest government. But in the United States, cabinets do not fall over questions like this.

If the parliamentary system which keeps governments from taking legislative support for granted had been in effect in this country, there never would have been a U.S. spending program of the vast proportions now in effect.

There could have been no more than a large fraction of the spending which has been done in the name of foreign aid and foreign military assistance.

Legislators would have done what they have just done in France.

They would have been for spending in principle, but when it came to a question of new taxes they would have voted no confidence—and that would have been that.

The United States practice of four-year terms for governments is easier on the politicians but infinitely harder on the people's pocketbooks.

They Like Bob Too

IN ONE more week, New Hampshire's Republican voters will trudge through snow to the polls to register opinions about their party's presidential nominee. The whole country will be watching because what was to have been a testimonial for Gen. Eisenhower may turn into a testimonial for Sen. Taft.

The circumstances are unusual.

If Sen. Taft loses both the preferential vote and the contest for delegates—he expects to lose both by wide margins—he still could win the New Hampshire primary. Since the primary's only important effect is psychological, anything short of a freeze-out would be a Taft triumph.

The strength of the state Republican organization is lined up for Eisenhower, who is supposed to take the lion's share of the honors. Taft is an outsider. All he has to offer New Hampshire Republicans is what he has been offering throughout his career in Congress—his blunt integrity.

There are signs in New Hampshire that liking Ike does not ban Bob. Republicans in that state, like Republicans in all states, look upon Sen. Taft's mental honesty as the most attractive thing to be found in politics in 1952 A.D.

Some folks wonder why Americans drive on the right side of the street. It never pays to drive on the wrong side!

According to reports, pancakes were made thousands of years ago. Even then, one good turn deserved another.

Truman Talk Shows Possibilities

WASHINGTON
PRESIDENT TRUMAN has at last made it plain that the United States considers there is a distinct difference between the Moscow government and the people of the Soviet Union.

The appeal just made by the President from the deck of the floating radio transmitter—the Coast Guard vessel which is to be used as a roving broadcasting station—is much more explicit than any expression which has hitherto come from the United States government addressed to the people of the Soviet Union.

"Your government," said Mr. Truman, "with its newspapers and radios, may try to make you believe that the United States is a hostile country, bent on war. But that is not true. I want you to know that our highest aim is peace and friendship—and an end to the horrors of war."

The President hinted at the yoke under which the people of the Soviet Union are living when he remarked:

"We know that if you were free to say what you really believe, you would join with us to banish the fear of war, and bring peace to the earth."

THE MESSAGE which was broadcast in 46 languages to most of the countries of the world is one of the most powerful statements of America's basic position toward the Soviet Union that has been made.

"We are your friends," says Mr. Truman. "There are no differences between us that cannot be settled if your rulers will turn from their senseless policy of hate and terror, and follow the principles of peace."

This is equivalent to saying that the people of the Soviet Union must separate themselves from the policies of their rulers if the world is to become peaceful. It is a counterattack of positiveness which at least opens the way for further statements of American policy that cannot be "jammed" by technical devices. For the new Coast Guard cutter will move around without disclosing its location and, before the Moscow engineers can send out orders to the satellite radio stations to intercept interference signals, the American radio ship will have moved to another location and to another time on the schedule.

THE IDEA IS an ingenious one and is an excellent example of

what can be done by American inventive minds once they are in earnest to tackle the problem of counterpropaganda. The factor that has held back proper development and expansion of this is a lack of confidence generally in the Department of State as the vehicle for such international expressions.

Many members of Congress, irrespective of party, are urging that an independent agency be set up which will not be restricted by State Department red tape or diplomatic inhibitions on the air in fighting for the cause of the free world.

It is not only against the Soviet government that the messages now are directed, but the President's own statement lashes out boldly against the Communist party when he speaks of Moscow rulers who "are trying to make the whole world knuckle under to the godless, totalitarian creed of communism."

This is a double-barreled attack. For in the Soviet Union there are many millions who have not joined the Communist party and who have a deep religious feeling. The point broadcast by Mr. Truman is designed to show that communism itself is aiming to disrupt the peace of the world.

THE NEW SHIP will do a vast amount of good. It may even find time perhaps to go to British waters and convince the Bevan wing of the Labor party that there isn't any intention on the part of the United States or any elements within it to seek a third world war. This would help Mr. Attlee in his battle with the "left wingers" and would thus improve relations between the United States and Great Britain. Another broadcast the new ship might make is to the unfortunate victims of the plague in North Korea. American medical aid might be promised if the Communist would permit international teams to cross the battle line. This might be even more effective than the appeal just made by Secretary of State Acheson for the appointment of an international committee of Red Cross officials to investigate charges of germ warfare.

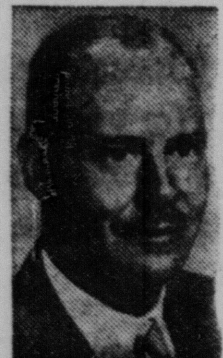

There are literally limitless opportunities for effective communication with peoples behind the iron curtain if American policy makers are alert to take advantage of such opportunities.

Hygiene Important In Pinworm Treatment

SO FAR as I know there are no statistics on how many people are afflicted with pinworms, but there are certainly many so afflicted. One correspondent writes that she has been bothered with them off-and-on for eighteen years, and many who write me ask how to get rid of them.

Actually, pinworms are not as hard to eliminate as some other intestinal parasites, but reinfection is particularly common, and therefore careful attention to hygienic living conditions and care in association with others is particularly important to keep them from coming back.

Pinworms are more common in children than grown-ups, especially among those in large families or in children living in institutions. It is comparatively rare in families in which separate bedrooms are used.

This is because the worms get on the bed linen, pajamas and other clothing and are picked up by others who come in contact with such objects.

When children live in an institution or dormitory or when several use the same bedroom, the spreading of worms from one person to another is easy.

The eggs from pinworms are usually laid on the skin and mucous membrane near the outlet of the bowel. This causes severe itching. In fact, the itching can be so bad it produces nervousness, sleeplessness, and even convulsions.

The exact diagnosis must be made by taking swabs from the place where the worms are likely to be and examining the material under the microscope.

Infestation with pinworms is frequently confused with infestation of other parasites and the diagnosis must be clarified by accurate examination. Once this has been done, proper treatment can be started.

Treatment is reasonably satisfactory but should be given to all involved persons in a family or to all children in a dormitory. About nine out of ten are cured, although the treatment may have to be repeated several times.

Once an outbreak of pinworms is discovered, treatment should

be prompt and thorough. All those who are exposed as well as those who have definite signs of worms must be given information on hygienic measures.

Careful and frequent washing of the hands with soap and water is one of the most important measures.

With the improvement in knowledge of hygiene and how to take care of one's body and better methods of treatment, pinworm infestations have become less frequent.

Once established, however, pinworms rarely or never disappear without treatment, as many people have discovered for themselves.

Rubber-fabric drums, suitable for replacing metal drums now widely used in shipping liquids, have been developed. They have a capacity for 55 gallons and, after shipping, can be returned for re-use. When empty, they collapse.

Dominican Republic Capitalizes On Gambling

By GEORGE E. SOKOLSKY

FOR a long time, I have been wondering about that Kefauver television show. Did it really accomplish something constructive? Obviously, it made Rudolph Halley a figure in New York politics and encourages Estes Kefauver himself to run for President on the Democratic side.

Was that all? Apparently, it is not so. I have received a circular from the Dominican Republic information center which is devoted to advertising the aforesaid republic where Christopher Columbus is buried. According to the circular, the Dominican Republic is progressive and takes advantage of every opportunity. Therefore, as Kefauver drove gambling out of the United States, the Dominican Republic made gambling the cultural tie between the United States and the other republic. The circular says:

"Gambling-in-the-sky via slot machines will feature a four-hour plane flight by the 'sportsmen's special', between Miami and Ciudad Trujillo, Dominican Republic—the 'Monte Carlo of the Caribbean' where four legal gambling casinos flourish, if final flight negotiations are completed this week. Three of the casinos have opened since the Kefauver crime investigation closed many illegal gambling places in the U.S."

"SERVICE BY the 50-passenger chartered plane 'Lady Luck' is scheduled to commence on or about March 7th from Miami. The plane, though owned by the (CDA) Compania Dominicana de Aviacion, a Pan-American subsidiary, would be chartered to a sponsoring promotion group to begin the weekend round-trips between Miami and the West Indies country. The Dominican government itself is not sponsoring the project but approves of it."

In addition to approving of the slot-machines and other de-

vices, the Dominican government sends me this circular through the mails. If any American sent a similar circular through the mails, he would probably go to jail. But then Americans no longer count in the United States except to pay taxes and to have their sons conscripted for United Nations police actions.

I forgot to save the envelope in which this circular came and therefore I cannot tell you whether it used a paid-for stamp or came as diplomatic mail, free of charge. I get a lot of that kind of mail, all free, the object of which is always to educate me to love some foreign country. But if anyone wants to send some mail about loving America, a paid-for stamp is essential. It is a fine point, this business of who pays to have mail delivered advantageously.

THE DOMINICAN circular tells what the gambling money is used for. It is for culture. The profits of gambling—or part of them—are used to teach Americans to love the Dominican Republic, which is apparently free of foreign debt. Maybe gambling makes up for the foreign debt and this type of financing might be tried by some of our debtors and those who take our charity. The Ford Foundation which is busy spending money anywhere at all, so long as it is unprofitable, might take this one on as a project.

Perhaps they could encourage all the countries that have be-

come accustomed to mooching on the American taxpayer to get free of foreign debt by slot machines, casinos, gay nightclubs, cock-fights, Sunday horse-racing, baseball and boxing. For it is those sports which the Dominican Republic advertises as available to all who want them, along with "planned crop diversification, industrial expansion and other progressive economic and human relations developments."

It must be admitted that this is a great program for the little republic, which compares favorably with Guatemala, Panama and Chile and such places that show less ingenuity but a great aspiration for the confiscation of American investments. Perhaps the Ford Foundation, which is a kind of private Point Four distribution center for shipping to foreign lands money earned by selling Tin Lizzies to Americans, might go into those countries to educate those foreigners how to make money without confiscating American property. They might go in for the numbers racket as a shortcut to being free from all kinds of debt, domestic as well as foreign.

I recommend the Dominican Republic's circular also to the Foreign Policy Association which recently got into the Ford money despite evidence before the McCarran committee. They might issue a wonderful research study on the subject proving that gambling is the solution to agrarian reform.

Let's Get On With It

By TRUMAN TWILL

GIVE me a few more days and this spring thing can be as well organized as the plumbers and engravers — birds-in-the-spring thing, that is.

The man who sharpens lawn mowers in the spring, tra la, said the Twillery clipper was the season's first. He was surprised that anyone should have been giving a second thought to lawn mowers while there still was snow on the ground, but he was glad to have the business.

The man in the sporting goods department hesitated an instant, then said it would take him only a jiffy to run downstairs and bring up a box of new baseballs. "They just came in," he explained. "Haven't been unpacked yet."

And for the benefit of ulcerated cynics who are going to respond with forced heartiness to the first-robin calls which soon will be coming into newspaper offices, here is a first first-robin report. Anyone who calls in to report this same occurrence can be sidetracked without trouble. Just mention that Twill already has reported HIS first robin.

The idea isn't to get belligerent about spring, but never will it mean so much to so many as it will mean this year—so let's get on with it!

Let's buy some paint and touch up the porch furniture.

Let's paw over that pile of screens and get busy on the ones the dogs and kids jumped through last summer.

Let's quit mooning over seed catalogs and make a list of stuff to order.

Let's start to jaw about the criminal neglect of our favorite

baseball team's roster — not a Babe Ruth on it anywhere!

Let's get rid of that old Christmas tree back of the garage.

Let's wash the car.

Let's finish up at least one of the good books we were going to read LAST winter.

Let's look for some tulip shoots beneath the leaves.

Let's discuss vacation plans.

Let's get in some Maypole dancing and wildflower picking before the politicians drive us to the brink of despair with their campaign heckling.

Let's take inventory of fishing tackle and outdoor engines.

Let's adopt a resolution to put out a flag on Memorial Day.

Let's think up a new rhyme for June-moon-spoon-goon.

Let's order three new rose bushes, buy a first baseman's mitt and wipe off our smog-smear eyeglasses.

Because never have so many needed spring so much as they need it in this year of grace—A. D. 1952.

If it doesn't come in a hurry, it might as well never come at all. There will be no one left to enjoy it. Let's get on with it!

When the East Indian island of Krakatoa blew up on Aug. 27, 1883, 36,000 persons lost their lives, yet there was not a single large town within 100 miles. The sound waves were recorded 3000 miles away, and ocean waves were raised on the shores of four continents.

If the atmosphere did not rotate with the earth there would be a constant westerly wind of 795 miles an hour at 40 degrees latitude.

Millionaires

By HAL BOYLE

Most Glamorous People

NEW YORK

SOME PEOPLE complain millionaires are dull.

To me they are more clamorous than movie stars or generals, for the business success story is still America's favorite Cinderella tale.

The most interesting millionaire I have met recently is Alex Lewyt, a 44-year-old bachelor who has built and sold more than one million vacuum cleaners in the last four years.

Like all millionaires he has a simple formula for getting rich:

"Ask housewives what they want—then supply them with it."

At 14 Lewyt quit school to become one of the nation's youngest vice presidents.

"I was vice president of the broom in my father's small wire picture frame factory," he recalled. He took over the business at 18, and completed his education by studying business administration and engineering at night school.

"My plant was in a basement on lower Broadway near The Daily Worker, the Communist newspaper," he said. "I used to eat in a cafeteria where these long-hairs gathered. I would listen to them talk about how to make a perfect world, then go back to my little plant and try to figure some way to meet my weekly payroll."

WHILE HIS long-haired neighbors went on dreaming of the millennium to be, Lewyt drudged away at the task of modernizing and expanding his business. He became a major subcontractor, manufacturing equipment for some of America's largest electrical firms.

During the last world war one of the items he made was a gadget to clean Navy gun turrets. One day a girl in his factory told him: "You know this thing is so small and handy it would make a wonderful vacuum cleaner."

Later he remembered her remark when the arrival of peace faced him with the problem of reconvertng his plant.

"I wanted to put out a product under my own name," he said. "I was tired of being just a ghost producer for bigger industries."

But everyone warned him to stay out of the vacuum cleaning field.

"It's a lousy business—you got to ring doorbells to sell them," he was told.

BUT WHY? Why shouldn't they be sold as widely in appliance stores as refrigerators and washing machines?

"I figured the American housewife is a natural engineer, so I set out to find out just what kind of a vacuum cleaner she really wanted," Lewyt said.

He polled 318 housewives himself, had survey experts poll about 5,000 more. He took their suggestions and he and his engineers turned out 22 models before they felt they had what they wanted.

"I knew it would work because I tested it myself for two months in my own home," said Lewyt. He then launched a tremendous national advertising campaign. When he went into mass production six months later, he found his market ready and waiting. His sales have increased every year and they are made through stores rather than by door-to-door salesmen.

TODAY LEWYT has a luxurious five-story home in mid-Manhattan, a ten-story factory in Brooklyn and more than 1,600 employees. He has found his better world, likes to recall his basement days when he struggled to meet a payroll for six workers.

"I often wonder what would have happened if I had just kept on sitting in that cafeteria listening to the long-hairs," he mused.

I asked him what advice he would give an ambitious young man starting his career now.

"None," he said, "except maybe tell him that nothing happens by itself."

Mother Hangs Herself And Three Children

ROSLYN HEIGHTS, N. Y. (AP) —A Long Island mother hanged her three small children with their cowboy belts yesterday and then took her own life the same way.

Neighbors found the children hanging from the bed posts in their downstairs bedroom. Upstairs, the mother had used another cowboy belt to take her own life.

The victims were Mrs. Mary G. Klem, 30, and Frank Jr., 6, Richard, 4, and Margaret, 13 months.

The father, Frank J. Klem, a draftsman, was working in New York City when the tragedy occurred.

Later, Klem told police his wife had been "acting nervous" and had an appointment to see a psychiatrist next week. He said she had threatened several times to take her life.

Brantner Took Own Life, Chief Claims

YOUNGSTOWN (AP) — Evidence he has gathered in the past five weeks "seems almost to clinch the belief George W. Brantner committed suicide," Police Chief Edward J. Allen said today.

Death of the 74-year-old Brantner has been ruled a homicide by Mahoning County Coroner David A. Belinky.

Brantner was found in the coal bin of his home, his head gashed at least 100 times with a hatchet and his neck marked by an apparent attempt at strangulation.

Allen said medical opinions compiled by the police psychiatric consultant, Dr. Merrill D. Evans, backed the suicide theory.

"Since many doctors and psychiatrists of ability have studied this particular case and have stated it was possible for a psychotic individual to inflict such injuries upon himself," Allen said, "It seems almost to clinch the belief that Brantner committed suicide."

"Throughout the investigation there has been a complete lack of evidence to support murder. On the other hand, there is much evidence to support suicide." The only puzzling circumstance was the nature of the injuries which at first seemed impossible to have been self-inflicted.

Social Affairs

Spirit Of Lent Carried Out In Service Society Meeting

THE SPIRIT of the Lenten season was carried out in the altar setting of white flowers and candles, which shed a soft glow on the cross at the meeting of the Women's Society of Christian Service Wednesday afternoon.

President Mrs. Harry Loria was in charge of the meeting and made several important announcements. One was about the visitation program that will be carried out the last week in March.

Hostesses for this program will meet at the Loria home on N. Union Ave. March 14 for instructions. The other was that the Salem W.S.C.S. will be hostess for the district meeting in the church April 15.

Mrs. Hanson Reports

A very interesting report of her work was given by parish visitor Mrs. C. C. Hanson. Mrs. D. E. Harvey conducted the worship service which followed the Lenten theme "Looking Toward the Great Day, Easter." Mrs. Homer Taylor assisted.

Rev. R. C. Swogger was the guest speaker and his topic was "The Meaning of Lent—Inner Discipline." Some of the points he stressed were: Life is dynamic; To be at peace we must discipline ourselves; Lent is the springtime of the soul; If the spring is to be open for us we must put ourselves in God's hands. His closing thought was "Do the very best you can, then with an inner discipline pray to God for guidance."

Group 5 Served

Group 5 with Mrs. C. K. Segesman as chairman served tea. The table was laid with a green cloth and had a centerpiece of candles and white sweetpeas in a crystal holder. Mrs. Carl Frantz poured. A social period was enjoyed.

Election of officers will be held at the April 2 meeting. The nominating committee is comprised of Mrs. J. U. Thomas, Miss Ella Stamp and Mrs. Frank Hoskins.

Women Of Moose Plan Trip Sunday

At the meeting of the Women of the Moose Wednesday evening plans were made to go to East Liverpool Sunday to take part in the ritualistic work.

Those attending will meet at the temple at 11:45 a.m. Plans were made for a benefit April 5 and plans were completed for a hard-time dance at Diehl Lake club house March 22.

A donation was given to the Red Cross. The group accepted an invitation to go to Warren Chapter 688 March 25.

Special prizes for the evening were awarded to Mrs. Donald Johnston and Miss Ruth Beaton. Lunch was served by the March social committee which includes Mrs. Felix Perry, Miss Mattie Kutz, Mrs. Susan Altomare and Mrs. Edwin McClish.

At the next meeting, March 19, Mrs. Tacie Sheely will give her social service chapter night program with formal initiation.

Mt. Union Coeds Plan May Day Festival

ALLIANCE—Attendants of Mount Union College's 1952 May Queen, Miss Kathryn Meeker, (inset), discuss plans for the May 10 event over a cup of coffee at the college hang-out, "The Snack Bar." Preparations for the 36th Annual May Day Festival are moving right along on the campus with signs now that it will be the biggest ever

staged. Members of the Queen's court are: left to right, Miss Ann Weals, Pittsburgh; Miss Margery Horton, Alliance; Miss Nancy Gettle, Canton; Miss Marilyn Miller, Wadsworth; Miss Pricilla Rohaley, Beloit; Miss Joyce English, East Liverpool; and Miss Carolyn Coyne, Massillon.

tain the group April 2 at her home on Cleveland St.

December

Mrs. Thomas Moore was hostess to members of the December Committee at her home on Park Dr. for a dessert luncheon. In charge of the meeting were Mrs. Harold Musser and Mrs. A. A. Parker, chairmen.

The devotional service was conducted by Mrs. Paul Smith, and Mrs. Edna Trotter told of the enlistment program. The members assisted tax stamp chairman, Miss Elma Auld, in counting stamps.

Plans were made for a benefit in March. The committee in charge will be Mrs. Moore, Mrs. Parker, Mrs. Smith, Mrs. Jack Gallatin and Mrs. Musser. The next meeting, April 2, will be at the home of Mrs. Robert Wilson at 389 N. Ellsworth Ave.

Miss Case Weds Harry Henderson

Miss Jane Case, daughter of Mr. and Mrs. George Case of 109 E. Park Ave., and Harry (Bud) Henderson, son of Mr. and Mrs. Floyd Henderson of 117 N. Main St., were married in St. Patrick's Catholic Church, Leetonia, at 11:30 a.m. Saturday.

Rev. William Maund performed the ceremony, which was witnessed by the immediate families.

The bride wore a navy frill suit with white accessories and corsage of white carnations. Her sister, Mrs. Wayne Lipe of Columbiana, matron of honor, wore black with white accessories and corsage of white carnations. Her

hard Rogers of Columbiana was best man. A reception at the home of the bride's parents followed the ceremony.

The groom, who is home on furlough from the Air Corps, will report back to California soon. Both are graduates of Columbiana High School. The bride is employed in the Russell P. Lindsay insurance office, Columbiana.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. I Lost 26 Lbs. While Enjoying Regular Meals

Dayton Lady Has New Vitality, Thanks Rennel

"Since taking Rennel I am very happy to say I have lost 26 lbs." writes Elsie Griffith, 2313 East Fifth St., Dayton, Ohio. "Before taking Rennel I weighed 135 lbs., now I weigh 109 lbs. Best of all I did not have to give up food or beverage. I lost weight while I enjoyed eating. I am 37 years old and feel much better. I have more pep and energy, and I certainly do praise Rennel to all of my overweight friends. Thanks very much for a product like Rennel." Thousands have overcome the social and physical discomfort of being over-

weight with this effective home recipe. Obtain liquid Rennel at your drug store, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If reducible pounds and inches of excess fat don't seem to disappear almost like magic with the very first bottle, just return it to the manufacturer for your money back. You need never know a hungry moment while reducing with Rennel. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Insist on genuine Rennel.

Mary Bradley Is Wedded To Robert Campf

A GOLD-COLORED suit of gabardine, complemented with blue accessories, was the wedding costume of Miss Mary Jane Bradley when she was married to Robert T. Campf at 7:30 p.m. Tuesday in the sanctuary of the First Methodist Church. Rev. Richard Swogger performed the double ring ceremony and Homer Taylor, organist, played the nuptial music.

Given in marriage by her brother, Donald Bradley of Alliance, the bride is the daughter of Mrs. Faye Bradley of E. Second St. and the late Clarence J. Bradley. The groom is the son of Mr. and Mrs. Carl Campf of the Depot Rd.

The bride's suit was styled with peplum at the hip line. For "something old" she carried a handkerchief which had belonged to her maternal grandmother. Her beribboned orchid corsage was cover for a white Bible she carried.

Mrs. Raymond Eddy was her sister's matron of honor. Her suit was navy blue gabardine and she carried a colonial bouquet of mixed flowers. Mrs. Bradley was dressed in aqua crepe with black accessories. Mrs. Campf wore blue crepe with velvet trim and both had corsages of white roses.

Raymond Eddy was best man.

The Eddy home on Park Ave., was the scene of the reception for 50 friends and relatives from Milner, Alliance, Winona, Massillon and Salem. Serving the guests were Mrs. Paul Yates, Mrs. Har-

old Daugherty, Mrs. Paul Bradley and Mrs. Eddy.

A two-tiered wedding cake centered the refreshment table which was laid with a linen cloth. Twirl arrangements of white snapdragons and carnations with lighted white tapers guarded either side of the cake.

For an eastern honeymoon trip, Mrs. Campf traveled in a navy blue suit pinned with her orchid. The couple will make their home at 284 E. Fourth St.

Former secretary of Principal Loren Early at Junior High School, Mrs. Campf is a graduate of Salem High School. Her husband attended Salem High School and is associated with his father in the Camp Construction Co.

Members of the 4-H Willowetts held their first meeting of the year Tuesday evening at the home of Mrs. Raymond Oesch. Twenty-six members were present. Officers elected were:

Carol Edgerton, president; Lorlene Pim, vice president; Shirley Werner, secretary; Dorothy Clark, treasurer; Marilyn Parker, news reporter; Shariene Sanlo, scrap book and recreation leaders, matilda Umbach and Joyce Edgerton.

Lunch was served by Mrs. Oesch, advisor and Mrs. Lloyd Parker, assistant. The next meeting will be held April 11 at 7 p.m. at the home of Marilyn and Dorothy Parker.

Foursquare Church To Hold Meetings

FOURSQUARE Gospel Church, which is evangelizing throughout the entire eastern area, will inaugurate a two-week series of evangelistic meetings here from Saturday this week through Sunday, March 23 at 7:45 p.m. every night except Monday.

The meetings, to be held at 148 Penn Ave. (Unemployment Building), will be directed by Freda Kump and Lucille Hicks, both graduates of the Foursquare College in Los Angeles, church headquarters.

Miss Kump, who is from Gettysburg, Pa., has been in the work of the church for three years. Miss Hicks, assistant pastor at the Akron Church for 18 months, also assisted in the Cleveland Church for 15 months.

Pioneer endeavor in the district is under the leadership of Rev. Clyde Griesen of Dover, divisional superintendent. The four cardinal doctrines of Foursquare Gospel are to believe in Jesus Christ, the Saviour; the Baptizer; the healer; and the coming King. The church has been organized for 29 years and until recently carried on its work in the western states.

A variety show will take place in the old study hall at 7:15 and be repeated at 9:30. Dancing will be held in the new study hall all evening.

Mount Union College Dramatic Club will present a one-act play at 8:30 in the auditorium. There also will be other attractions, besides refreshments in the cafeteria.

Army Sends Draftees To Ohio 37th Division

CAMP POLK, La. (AP)—The Army is sending draftees to the 37th Division to bring it up to authorized strength.

Most of the division's men were with it when it was part of the Ohio National Guard. Soon after it was federalized on Jan. 15 and sent to Camp Polk for training, a number of Korean veterans were assigned to it as cadre.

Now the Army is filling the ranks with draftees. They are arriving on 17 trains over a 20-day period. The division hopes to process two-thirds of them by Saturday.

Jury Indicts Gambler Who Purchased Stamp

DAYTON (AP)—A federal grand jury yesterday indicted a Springfield man under the new federal law requiring gamblers to buy a \$50 tax stamp.

He is Leland H. (Nitt) Rice, 39, charged with writing numbers last November, but failing to buy a stamp to cover his operations on or before Nov. 30.

"This is an outrage," Rice's attorney, Sidney Kusworm Jr., told newsmen. "They have indicted a man who bought a stamp, filed his return and paid his tax—all that the law requires."

County Realtors Meet Tuesday At Lisbon

Plan Farm Institute Programs For 1953

Officers of Columbiana County's farmers institutes will meet at 1:30 p. m. Tuesday in Lisbon Village Hall to plan next winter's meetings, according to Floyd Lower, county extension agent.

Stabber Sentenced

CLEVELAND (AP)—For stabbing another bowling pin boy to death, William Lee Solomon has been sentenced to serve one to 20 years in the Ohio penitentiary. His plea of guilty to manslaughter was accepted yesterday by Common Pleas Judge Edward Blythin. Solomon stabbed Jerome G. Veit, 35, in a fight over a lost wallet.

Columbiana Route 14 Bypass To Include Big Intersection

COLUMBIANA—Plans for the Route 14 bypass of Columbiana by way of County Line road along its north border contemplate a single intersection of Routes 14, 46 and 164, it was revealed in a letter from the State Highway Department read to council Tuesday evening.

An emergency ordinance was requested for the regulation of utilities along the route inside the corporation.

The big intersection will be an enlargement of the present junction of Route 46 and County Line road, which will take the large barn on County Line between 46 and 164.

The new Route 164 is planned to follow a northeasterly course from the intersection to the vicinity of the Fred Dill farm on Route 164, about a mile north of town. From that point, Route 164 will be abandoned as a highway into Columbiana and will be closed off with dead ends on both sides of County Line at the present intersection. These plans are not final, however, and are subject to change as to details.

A large number of property owners on County Line were at the meeting of council urging that the highway follow a new route south of their properties fronting on County Line, for which some offered to donate right of way.

The cut-off is surveyed to leave County Line just west of the Y. & S. Railway and follow a southeasterly course to Route 14 less than a mile east of town, crossing the Y. & S. by an overpass. The present grade crossing will remain. To speed up truck traffic, it is to be a limited access highway with no gas stations or hot dog stands. Dean Severs, Division 11 engineer, has promised to meet the property owners within a few days. Levi Kimball of the division office was here this week.

Columbiana council is concerned with utilities on the south side of County Line only, the north side, on which the gas line is located, being in Mahoning county.

A NEW ORDINANCE granting the Natural Gas Co. of West

Virginia an average increase of 17 per cent in rates for three years, with an additional eight per cent increase for the remaining two years of a five-year period, was passed Tuesday on third reading.

The minimum charge is raised from \$1.10 for the first 2,000 feet to 1.25 for the first 1,000 and \$1.90 for the first 2,000 feet. The company has spent more than \$16,000 on improvements in Columbiana in the last three years, it was revealed by its representatives.

Council accepted the bid of the Citizens Savings Bank as the depository for the active funds of the village up to \$150,000 at no interest and of the Union Bank for the inactive funds up to \$75,000 at one-half percent interest.

The Leetonia fire department, called by mistake to a fire at Ralph Whan's near Leetonia but in Fairfield township, which has a contract with Columbiana, will be paid \$65.50 by the village for saving property.

Chief of Police R. G. Miller reported 52 arrests during February, and fines, costs and forfeitures of \$556.40. Nine accidents were investigated.

OFFICERS will be elected by ballot this month for the Chamber of Commerce to assume office April, ballots to be returned by mail to the secretary, William Yoder. Candidates nominated by a committee to serve one year are: President, L. A. Way, Erwood Calvin; vice president, Ray Smith, William Wadelin; treasurer, Robert Barrow, William Longworth; directors, six to elect, Al Wells, James Churchfield, Dr. L. H. Nelson, Clarence Koch, Dr. George Myers, C. T. Newsom, George Snoke, Clyde Barrow, Harry Warrick, Leo Holloway, Earl Newell, William Miller, Irvin Brittain, Edwin Dillon, Harry Eberhart, Roy Bilger. Secretary Yoder has two

more years of his three-year term.

Members of Columbiana Lodge, K. of P., will leave at 7:30 tonight for a county meeting with Salem Lodge, at which 10 county candidates will receive the esquire degree.

Air Cadet Applicants At Age 19 Accepted

The minimum age for entrance of applicants into Aviation Cadet Pilot and Aircraft Observer training has been reduced to 19 years, M/Sgt. Hatfield, commander of the local U. S. Army-U. S. Air Force Recruiting Station announced today.

He added that, in addition to the reduced age limit, the processing procedure for admittance to Aviation Cadet training has been revised and the program itself has been enlarged to the extent that it is now possible for applicants to be assigned to classes within a month after they first appear at the recruiting station. Cadets who are qualified between now and April will be considered for assignment to the April 27 class, he said. Later classes convene July 12 and Aug. 22.

Held For Neglect

LISBON—Walter Carnes, 58, of Canton, is being held in the village jail for hearing Monday before Juvenile Judge Louis Tobin on a charge of neglecting his three minor children in this county.

A widow, Carnes was arrested Tuesday night in Canton on a warrant issued by Rigby Mast, welfare director, and was brought here yesterday by Deputy Sheriff Al Hartman.

Quakers Ousted From Tournament By Wilson Five, 46-42

Locals Drop Four-Point Decision To Presidents; Alek Tallies 17 Markers

After 32 minutes of inability to move the ball and run plays against a man-to-man defense, the Salem Quakers found themselves ousted from Class A basketball competition by the giant-killing Youngstown Woodrow Wilson Presidents.

The Presidents, in winning their fifth (5) game of the season, 46-42, outshined Salem throughout most of the game and knocked them from the tourney in much the same fashion as they did Niles only two nights previous.

The Presidents advanced themselves into semi-final play against Hubbard's Eagles Friday in the NEO classic at Youngstown South Fieldhouse.

It was a poor night for the Quakers for most of the night as they once again lost the second game of tournament competition, following the same style as in the past two years when another Youngstown quintet, Rayen, beat them on both occasions.

The latter part of the third period and the entire fourth quarter spelled defeat for the locals as they fell before a team which is ranked as one of the poorest in the history of the Youngstown city series.

But, the Presidents found a hot streak in tournament play and have wound up as victors over teams that expected to roll past them, especially in the case of Niles.

DEADLOCKED at 23-all at intermission, the two teams knotted the count at 25 and 27 before the Quakers moved ahead, 28-27, on George Alek's free toss. However, Dick Franko (24), bespectacled Wilson guard, swished a set shot and the Presidents stepped out in front, 29-28, and never gave the lead up, although the two squads were tied, 33-all, shortly after the start of the fourth quarter.

Wilson forged ahead, 35-29, as the third quarter ticked away but the Quakers pushed through five points to Wilson's three in the closing two minutes, the latter holding a 38-36 advantage when the third frame was completed.

A basket by Wayne Harris, one of two that the lanky senior got through the entire evening, opened the fourth quarter and deadlocked the game. Again it was Franko who jolted the Quakers as he tallied a foul and pushed the Presidents ahead, 39-38.

A minute later Don Strick (25), 6-ft. 1-in. center and leading Wilson scorer for the year, tallied on a tap-in with 4:03 left in the game. It was then that Wilson began their successful freeze on the ball. Strick tallied a lay-up during the possession act on Wilson's part after the ball was saved from going out of bounds. It was then that Wilson was on top, 43-38, and 3:13 in the game.

ALEK WAS FOULED and his free chance was good but Wilson nullified the foul as Strick, a strong boy who had committed four fouls in the first half and missed the entire third quarter, meshed a free toss to make the count, 44-39, Wilson.

Bill Brelih, the local's 6-ft. 6-in. center, put in a tap-up to run the count to 43-41. Alek again received a free toss after being fouled and the team elected to shoot the ball rather than take it out of bounds. The foul shot was good, but 2:26 were left in the game and the clock read, Wilson, 44; Salem, 42.

Five seconds later Strick scored on a lay-up to make the score, 46-42, with 2:21 left in the game. Fouled during the act of shooting, Wilson decided to take Strick's free chance out of bounds to keep possession. Two other occasions allowed them to do the same as Salem also took a foul out of bounds, only to lose it through poor ball handling.

Jerry Mountz, who entered the game with 1:35 left, forced a jump ball at mid-court but received a twisted back on the play. Eddie Votaw replaced and jumped for Mountz but Wilson took possession again with 58 seconds left in the game.

Salem players tried desperately to get the ball in the closing seconds but only committed fouls as the Presidents successfully stalled out the game to win, 46-42.

THE QUAKERS OPENED the game poorly as Wilson had a six-point lead before the locals finally tallied with a foul shot with but 4:24 left in the initial quarter. However, the locals were only one point back at the quarter, 14-13, and they outscored the Bob Thompson-coached combine, 10-9, in the second period to share honors at 23-all by halftime.

As a general analysis of the game, the Quakers refused to try plays which could have snowed under the Presidents in their man-to-man. Alek, Jack Gottschling, Benny Roelen nor Eddie Votaw volunteered to start plays and consequently they never were started. Alek and Gottschling had numerous bad passes throughout the game as did pivot man Harris when the guards finally got the ball into him.

Both Harris and Brelih were very weak on the boards all evening, nor were they offensive minded, scoring just 14 points between them. Votaw, usually a good rebounder, was also weak on the boards and left the game in the second period as he was overly aggressive and obtained

Hamilton Cagers Fall To Withrow

Big Blue Defeated In Double Overtime

By FRITZ HOWELL

COLUMBUS (AP)—They call the Ohio High School tournament trail "Heartbreak Highway"—and that's what it proved to be last night for Hamilton Public's Big Blue team.

The Butler County powerhouse, rated No. 1 in the Associated Press poll, Class A champion in 1937 and 1949, and runner-up for the crown a year ago, was rolling along with a 20-1 record until it ran into Cincinnati Withrow.

Withrow, the Queen City's public school league champion, boasting a 17-2 record up to the crucial district tourney clash, bumped the Big Blue off the championship trail, 55-53, in a double overtime.

ALEX ELLIS put Hamilton out front 51-49 with 20 seconds to go in the regulation game, but Bob Work knotted it for Withrow. Ellis jammed the Big Blue ahead in the first overtime, only to have Bob Surman knot it again. They went into a sudden death overtime, and Don McDaniel scored his only field goal of the night to send Withrow into Friday night's district finals against Cincinnati Roger Bacon which has topped 21 of 23.

While the No. 1 team in the Class A poll was dropping by the wayside, Miller City's Midges, 1950 champions who topped the Class B voting, rolled on to their 24th win in 25 starts by handing Edgerton its second loss in 24 contests, 47-39, at Defiance.

Grand Rapids, the 1951 Class B champion, puts its 18-1 record against a more than worthy foe tonight at Fremont as it meets Castalia Margaretta. The latter school, winner of the 1932 Class B laurels, has dropped only one of 20 starts.

WAYNESBURG, Stark County champion and runner-up to Grand Rapids a year ago, racked up its 25th straight conquest by downing Champion (20-5) by a 49-36 score at Kent.

Youngstown Woodrow Wilson continued to be the "surprise" entry in Class A. The Wilson crew, which won only three of 19 pre-tourney games, eliminated favored Niles (17-2), 44-42, in an overtime Monday night and came back last night for a 46-41 triumph over Salem, who had broken even in 18 frays.

In Class A, 197 teams have been eliminated, but there are still 10 former champions among the 54 survivors—and the 10 have accounted for 19 of the 29 titles which have been decided. Four former Class B kings are among the 59 teams remaining from the starting field of 865.

Kennedy Holds Slight Edge Over Simpson As Outfielder

TUCSON, Ariz. (AP)—In the highly competitive contest for Cleveland's right field position, Bob Kennedy is far in front at this point.

"Harry Simpson hasn't looked good at all," said Indian Manager Al Lopez. "But Kennedy has. If I had to pick the right fielder right now it would be Kennedy."

"Of course, I mean he has the edge on Simpson. Actually, we don't know much about Jim Fridley (a rookie) yet. He's big and strong and he can run and throw, but we'll have to take a longer look at him to see if he can hit."

SIMPSON, a puzzle ever since he joined the Indians last year with a glowing hitting record as a rookie, still isn't looking any better than last season. He has changed his stance and swing as a result of batting school instruction. He still isn't hitting.

In the first intrasquad game, he failed to hit safely in four times at bat. Kennedy singled three times and knocked in his team's only run.

"Kennedy has looked a great deal better," said Lopez. "He even seems to have more life. I know he is a better ball player than he showed last year, so maybe he has finally come out of his slump. I hope so."

"The thing that puzzled me last year was his fielding. He had always been a good defensive outfielder, but last year he seemed too nonchalant and didn't field his position well."

INFELDERS HAVE been working hard on that play they muffed so often last season—running down a player trapped between bases . . . Pete Reiser also bruised his hand aside from his head in a collision with Dale Mitchell.

Rookie Pitcher Sam Jones has been ordered to take a rest. He has a sore shoulder . . . Pitchers against the Cubs in the Saturday exhibition: Bob Chakales, Lloyd Dickey and George Zuverink.

Against the Giants same day: Bob Lemon, Bob Kerrigan and Ray Narleski . . . Against the Giants Sunday in Phoenix: Mike Garcia, Early Wynn and Lou Brissie. Against the Cubs here Sunday: Steve Gromek, Red Fahr and Dick Rozek . . .

Lopez has decided to keep nine pitchers on the varsity. He won't name names. George Zuverink appears destined for Indianapolis . . . The St. Louis Browns want Pitcher Rozek but have nothing to give for him that interests Cleveland. His options are up, so he must be traded, sold or kept.

The White Sox and Athletics want Chakales . . . Roy Hamey, assistant general manager of the Yankees, was an onlooker yesterday.

Jake LaMotta, Hairston Draw In 10 Rounds

DETROIT (AP)—Jake LaMotta, the former middleweight champion, won't have to hang up his boxing gloves.

The 30-year-old fighter, showing the strain of 12 years campaigning in professional ranks, won a 10-round draw with up-and-coming Eugene Hairston last night. Some thought the Bronx Bull was pretty lucky at that.

On the eve of the bout, LaMotta let it be known he would retire for good if the 23-year-old Hairston beat him decisively.

Now LaMotta says he is going to keep on fighting. He wants a shot at Joe Maxim's light heavyweight title.

The hard-punching Hairston lost no prestige in the bout which he hoped would earn him a chance at the middleweight title.

LAMOTTA'S TACTIC of putting on a dazzling flurry at the end of each round paid off. Both judges scored it was even 50 points for each boxer. Referee Morris Sherman gave the verdict to Hairston by a 52-48 margin.

The dusky Hairston seemed to land harder and sharper punches than LaMotta but he failed to achieve his ambition of being the first to knock the Bronx Bull off his feet. There were no knockdowns. Both fighters were warned several times as they tossed low blows.

181 Golfers Enter St. Petersburg Open

ST. PETERSBURG, Fla. (AP)—A field of 181 golfers began trying today to break the three-tournament winning streak of handsome Jack Burke Jr.

They began teeing off in the 18th annual St. Petersburg Open today.

Burke, the Houston, Texas, pro who has won the Texas Open at San Antonio, the Houston Open and the Baton Rouge Open in a row, is rated as the man to beat.

The man figured most likely to do it is Bobby Locke, the portly South African who has just added the Mexican National Open to his many crowns.

Others highly regarded include Jim Ferrier of San Francisco, the defending champion; Tommy Bolt of Durham, N. C., winner of the Los Angeles Open and runnerup

to Burke at Baton Rouge; Johnny Palmer of Bading, N. C., and John Barunum of Grand Rapids, Mich.

ity for ourselves except in association with other nations.

"Second, the funds provided by the United States under the mutual security program are essential to the success of the common efforts we are making with other free nations for peace.

"Third, the funds thus invested by the United States will yield far larger returns, in terms of our own security, than if the same amount were used for our own defense establishment.

"Fourth, the cost of the mutual security program, together with the much larger costs of our military services and other defense measures, are well within our economic capacity."

Prolonged Fight Seen

Despite Mr. Truman's appeal, Administration officials expected a tough, prolonged fight over the amount, especially over that part which would be spent to aid the economies of allied nations in contrast to the billions which would be spent to furnish them guns, tanks and planes.

In his message the President repeatedly emphasized an American role of leadership of the "free world." He declared "we must show the world that we can meet any crisis and that temporary frustration will not drive us to panicky aggression or to ignominious retreat."

Even before the message reached the Capitol powerful opposition was building up among the lawmakers. The congressional leaders who must quarterback the program predicted it will be whittled down.

Fuel Still Problem
To Isolated Town

NORTH RUSTICO, Prince Edward Island (AP) — Transport extremes — horse-drawn sleighs and a tiny plane — have supplied the food and medical needs of this snowbound Canadian coastal village but fuel still was a big problem today.

Sleigh relays brought food in and daring bush pilot Eldon Woodside landed his tiny, ski-shod plane on tricky harbor ice yesterday to safely take out to a hospital a newly-born infant and three sick persons.

But the last call in the village, 200 pounds per household, was distributed Tuesday. No other fuel was available locally. The storekeeper's last food stock—a case of canned milk—also had been doled out Tuesday.

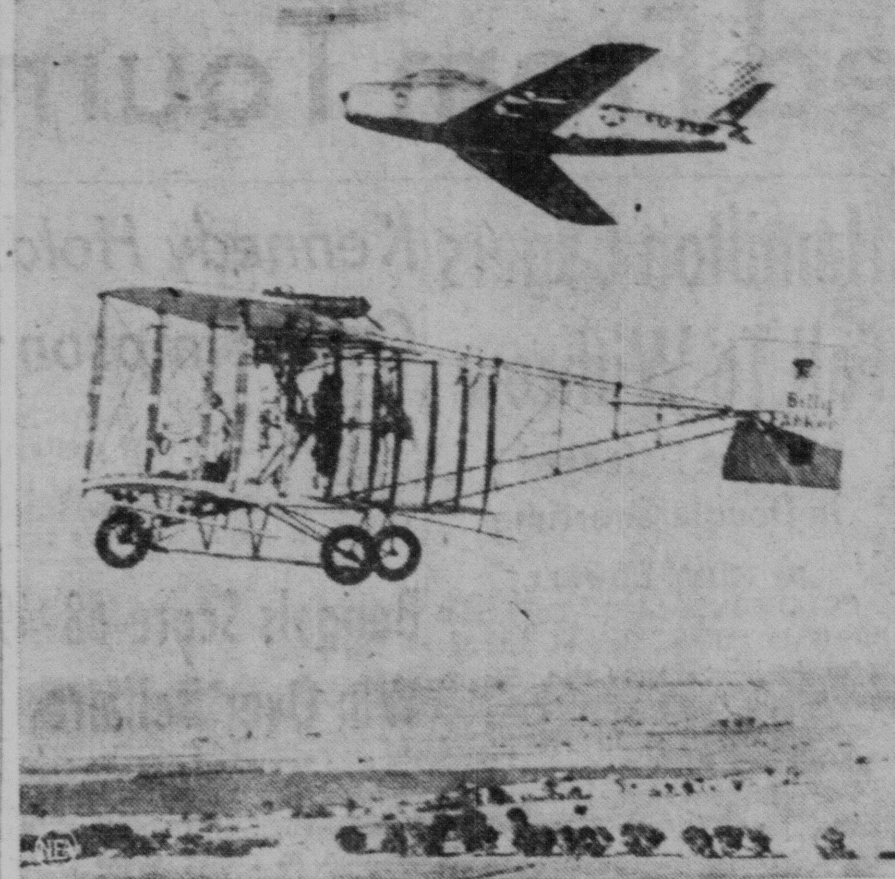

Snowdrifted roads and the ice-clogged harbor still prevent normal transport from Hunter river nine miles away. A snow plow is trying to break through the drifts, some of them 18 feet high.

Judge Joel H. Sharp found Cook failed to yield the right of way to Howell, a pedestrian, whose right leg was broken in the accident Oct. 6, 1949, in Wellsville.

FROM WIND-SWEPT TO SWEPT-WING — Four decades of progress in aircraft design is graphically demonstrated in this unusual photograph, taken at a recent Los Angeles air show. An Air Force North American F-86 Sabre Jet fighter plane whizzes by a 1912 model pusher biplane. The jet pilot's 9000-horsepower engine gave it the world's speed record of 670 miles an hour. The old plane's 60-horsepower engine gives it a 60 mph. cruising speed.

J. A. Gilmore,
Ex-Postmaster
Of Lisbon, Dies

LISBON — Former postmaster James A. Gilmore of 334 E. Chestnut St., died Wednesday noon at the Salem Central Clinic. In failing health the past two years, he entered the hospital Friday. He was 79.

A son of Noah and Margaret Gilmore, he was born July 19, 1872, in Madison Township, and was the lone survivor of that family.

Following the death of his first wife, Effie Warren, in 1926, he married Ella Dickey in 1927. She and their daughter, Miss Florence Gilmore, survive in the home.

Gilmore was a salesman for over 32 years and local postmaster from 1934 to 1943. He was a member of the American Trapshooters Association and the United Commercial Travelers.

Services will be held at 2:30 p.m. Saturday in the home by the Rev. C. W. Houston of the Christian Church, assisted by the Rev. Paul T. Gerrard of the Presbyterian Church. Burial will be in Lisbon Cemetery.

Friends may call Friday at the home.

Add "The Green" For St. Patrick

A TOUCH of green in food for spring and St. Patrick's Day adds a note of seasonal brightness. Here are five suggestions for special March 17th dishes:

1. Shrimp Fricassee served with green rice. The rice is baked separately, with the shrimp served over it. Parsley gives the green color to the rice.
2. Potato-watercress chowder flavored with nutmeg. This is delicious served with garlic bread (made with melted butter, garlic powder and parsley).
3. Emerald salad. This could be done in a loaf or ring form. It is made with green gelatin and cottage cheese with chopped chives. The seasonings could be mustard, paprika cayenne.
4. Cinnamon-chocolate roll with mint-flavored butter cream filling.
5. Cinnamon-chocolate ice cream with green minted meringues. The meringues could be individuals or a large one.

From San Francisco comes this naturally green mayonnaise:

Green Goddess Dressing

- 1 cup mayonnaise
 - 1 clove garlic, minced or grated
 - 3 anchovies, chopped
 - ¼ cup finely cut chives or green onions with tops
 - ¼ cup chopped parsley
 - 1 tablespoon fresh lemon juice
 - 1 tablespoon tarragon vinegar
 - ½ teaspoon salt
 - Pepper, coarsely ground
 - ½ cup sour cream, whipped.
- Combine ingredients, folding in the whipped sour cream after the other ingredients have been blended. Tear iceberg lettuce into bite-size pieces and toss with a generous amount of the dressing.

This is a good appetizer salad or it may accompany the main course. Makes a "heaping" pint.

Meatless Meals Can Be Popular

MEATLESS meals are gaining in popularity. They taste good and often are much less expensive than meat.

Try this wonderful recipe for some night when you're having company. It's different, delicious and has eye-appeal.

Jambalaya

- 1 lb. package frozen shrimp or 1½ pound fresh shrimp
 - 1 doz. oysters
 - 2 small onions, chopped
 - 2 tablespoons butter or fortified margarine
 - 3 cups hot water
 - ½ cup tomato paste
 - 2 cups rice
 - 1 teaspoon salt
- Saute shrimp and onions in butter or margarine in iron skillet, turning frequently until onions are golden brown. Add hot water, tomato paste, rice and salt and cook over low flame until rice is soft.

Boil oysters 3 minutes or until edges begin to curl and add to shrimp mixture; blend and serve. Serves 4.

Your family will enjoy this combination of salmon and frozen lima beans. It's a delicious dish, and is packed with nutrition.

Frozen Lima Beans With Salmon and Sweet-Sour Sauce

- 1 can salmon
- 1 medium onion, sliced
- ½ cup water
- 1 package frozen lima beans
- 1 tablespoon flour
- 2 teaspoons sugar
- 1 teaspoon salt
- ¼ cup vinegar
- 1 egg yolk, beaten

Drain salmon, remove skin and bones and place on serving platter. Cook onion slices in ½ cup water until tender. Drain liquid from onions and add more water if necessary to make ½ cup. Place cooked onion rings over salmon. Cook lima beans according to directions on package.

Mix together the flour, sugar, salt, vinegar and liquid from onions. Cook, stirring constantly, until mixture begins to thicken (about 5 minutes). Pour gradually into beaten egg yolk, stirring constantly.

Reheat, stirring constantly, without boiling until mixture is smooth and slightly thickened (about 2 minutes). Place lima beans over onions and salmon. Pour sauce over all. 4-6 servings.

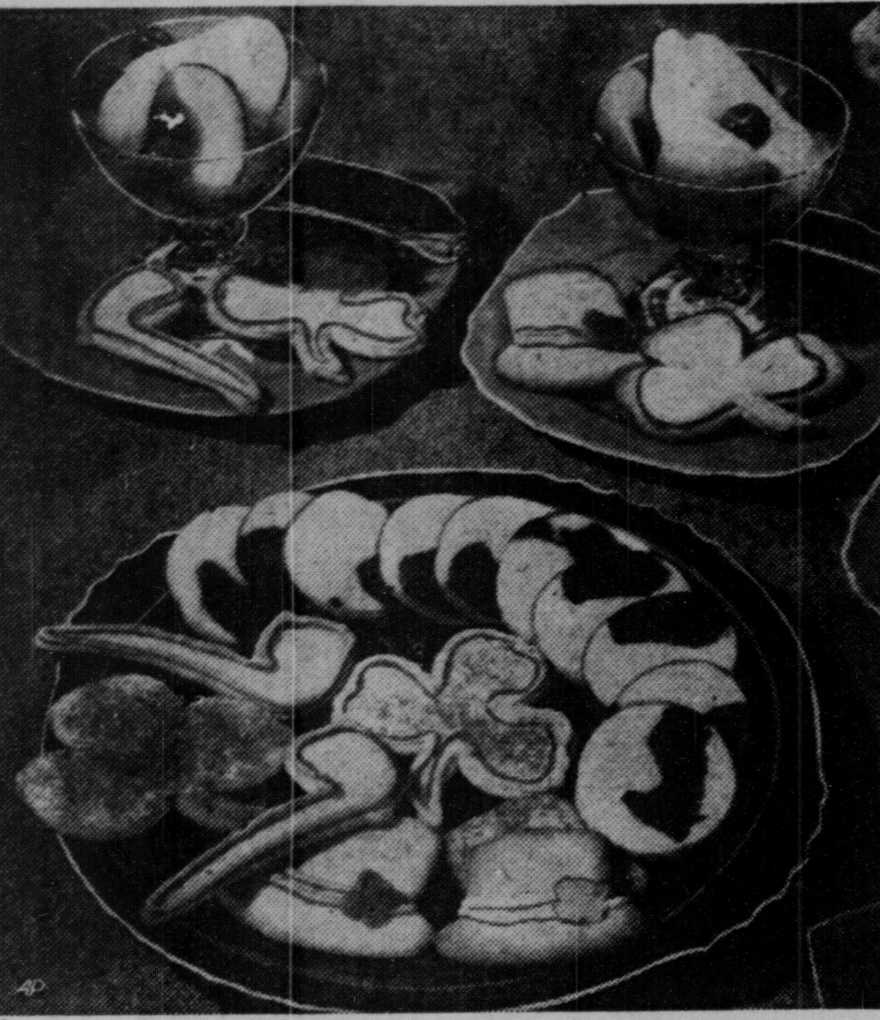

QUICK DESSERT

Delicious dessert: Score a banana with the sharp tines of a fork and slice thin; arrange slices around sherbet glasses and fill with chocolate tapioca cream. Top each serving with a spoonful of sweetened whipped cream and a maraschino cherry.

NEW FOR SHRIMP

New way to cook shrimp: Shell shrimp, remove black vein, and cut in two lengthwise. Heat a little butter or margarine in a skillet with a crushed clove of garlic, add shrimp and cook and stir until they are cooked through. Serve the shrimp with baked potatoes and a tossed green salad for a delicious supper.

Cookies For St. Patrick's Day

GAY shamrocks, pipes, and hats—all made of cookie dough will make crisp eating on St. Patrick's Day. Serve the cookies with an easy-to-fruit compote of canned fruits—cherries, apricots, and pears. Try this recipe for Marble Cookies, too, if you want something new. Both these recipes call for cake flour and that means they have an extra-tender texture.

ST. PATRICK'S DAY COOKIES

- 3 2/3 cups sifted cake flour
- 2½ teaspoons double-acting baking powder
- ½ teaspoon salt
- 2/3 cup butter or other shortening
- 1½ cups sugar
- 2 eggs
- 1 teaspoon vanilla
- 5 teaspoons milk

Sift together flour, baking powder, and salt. Cream shortening and sugar. Beat in eggs thoroughly, one at a time, with vanilla. Add flour, alternately with milk, mixing well after each addition. Chill. Roll dough ¼-inch thick.

Cut out cardboard patterns of shamrocks, pipes, and hats. Place floured patterns on dough and cut around each with a sharp knife. Bake on greased baking sheet in hot (400 F.) oven 9 minutes or until baked through. Cool on cake rack. Decorate cooled cookies with tinted confectioners' sugar frosting, colored

sugar, and green gumdrops.

MARBLE COOKIES

- 2 cups sifted cake flour
- 1 teaspoon double-acting baking powder
- ½ teaspoon salt
- ½ cup butter or other shortening
- 2/3 cup sugar
- 1 egg
- 1 tablespoon milk
- 1 square (1 ounce) unsweetened chocolate (melted).

Sift together flour, baking powder, and salt. Cream shortening and sugar. Beat in well egg and milk. Add flour, a small amount at a time, mixing well after each addition. Divide dough in two parts. To one part add chocolate and mix well. If necessary, chill until firm enough to roll.

Shape chocolate and plain dough into separate rolls, about 1½ inches in diameter. Place rolls together and twist to give marbled effect. Roll in waxed paper and chill until firm enough to slice overnight. Cut in ¼-inch slices. Bake on ungreased baking sheet in moderate (375 F.) oven 10 minutes or until baked through. Makes about 5 dozen cookies.

Quick luncheon dish: mix canned small onions with cream sauce and top with crisp bacon. Serve with buttered green peas and baked yams.

East End Of Turnpike Could Be Opened In '53

COLUMBUS (AP) — The Ohio Turnpike could be mostly completed and the easternmost 20 to 25 miles opened to traffic by the end of 1953, an engineer said yesterday.

Edward J. Donnelly of the engineering firm of J. E. Greiner Co. made that prediction to the Ohio Turnpike Commission.

He said he based it on the federal government's assurance of steel in the last quarter of this year, announced Tuesday by Gov. Frank J. Lausche.

Donnelly said 75 to 80 per cent of the turnpike should be finished next year. That would mean 135 to 140 miles of the first 182 miles of the super highway which the commission proposes to build from the Pennsylvania border to a point near Toledo. The remaining 59 miles to the Indiana border would be built later.

LUNCHEON TIPS

Serve a soup and salad lunch: cream of tomato soup tastes delicious with a grilled cheese sandwich; cream of mushroom soup teams well with a sandwich of chopped raw vegetables seasoned with a tangy French dressing.

FOR SCRATCHES

The oil from a Brazil nut, black walnut or butternut will sometimes effectively cover scratches and scars on furniture, according to experts. Cut the nut meat in half and rub well into the scratch. Iodine works well on mahogany, and brown shoe dye is good on walnut.

TRY SALEM NEWS WANT ADS

FISH TO NUTS

Brown about half a cup of slivered almonds in a quarter cup of butter; serve over broiled fish fillets. Mashed potatoes,

creamed spinach, broiled tomato halves will taste delicious with this fish dish. For dessert on this menu serve a compote of fresh fruit.

Procter & Gamble's Exciting, New

CHEER

specially made for

"Tough-Job"

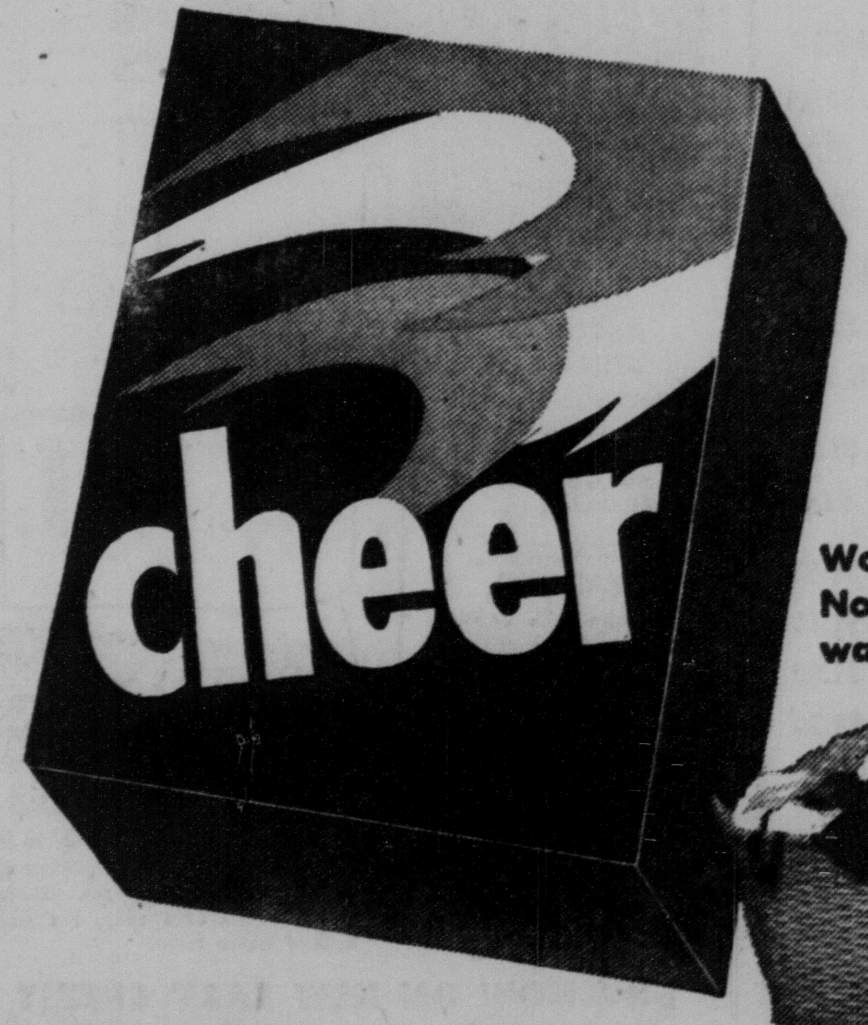

Washing

Brand-new and wonderfully different! Procter & Gamble's most exciting washday discovery in more than 100 years! CHEER is sensationally different—specially made to do "tough-job" washing as no soap you've ever used can do it!

Like magic for tough washes—all washes! Watch new CHEER tackle the washing you dread most—and turn it sparkling clean. Test it on grimy work clothes... dirt-smear play clothes... grease-stained towels. Once you see how new patented CHEER suds get these "tough jobs" cleaner in hardest water, you'll see why CHEER gets all your wash so wonderfully clean and white!

Here's the secret! New formula makes CHEER different from any washing product you've ever used! CHEER is specially made with the extra power you need for your extra-tough washing jobs!

Safe for colors, kind to hands! With all its extra washing power, new CHEER is safe for colored washables, kind to your hands. Yes, the moment you open the package and smell CHEER's pleasant, air-fresh aroma you'll want to use CHEER for everything you wash!

Food For The Irish

WHEN a young woman's name is Kelley and she is also a top food expert, she's the one to ask about a St. Patrick's Day menu.

So I discussed this article with Jeanette Kelly, head of the home service department of General Mills, while we were fellow passengers aboard a stratoscruiser, flying from New York to Minneapolis.

"For an appropriate centerpiece, have a Sham-rock Garden," she suggested. "Arrange well-scrubbed Irish potatoes on a large mirror or glass plate to resemble a rock garden. Let sprigs of asparagus greens or maiden-hair fern peep out among the 'rocks.'

"Mount green paper shamrocks on stems of wooden picks tinted green with food coloring; 'plant' them among the 'rocks.' More ferns make a border around the arrangement."

Divine Kelley Lime Pie
Meringue Shell: Beat only until frothy throughout 4 egg whites and 1/4 teaspoon cream of tartar. Beat in gradually 1 cup sugar. Continue beating until very stiff and glossy.

Spread in a lightly greased 9-inch pie pan, making a slight depression in the center. Bake 20 minutes in slow oven (275 degrees F.) then increase to 300 degrees F. and continue baking 40 minutes. Cool slowly.

FILLING: Mix together 4 egg yolks, well beaten, 1/4 teaspoon salt, 1/2 cup sugar, 1/3 cup lime juice. Cook over hot water 10 minutes or until thick. Cool. Tint pale green with food coloring, if desired.

Fold in 1 tablespoon grated lime rind, 1 cup heavy cream, whipped. Spread over baked meringue shell. Whip 1 cup heavy cream. Sweeten, if desired. Spread over filling. Sprinkle with grated lime rind. Chill.

Maybe the larks far below us made Miss Kelley think of fish as she suggested crispy fried pike as the main dish.

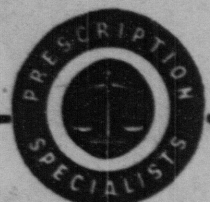

COTTAGE CHEESE SALAD
Shredded lettuce
4 canned drained peach halves
1 cup creamed cottage cheese
1 8-oz. can dark sweet cherries
French dressing
Arrange shredded lettuce on 4 salad plates with peach half on top. Using small scoop or a tablespoon put a rounded mound of cottage cheese in center of peach half. Place drained canned cherries around peaches. Serve with French dressing.

RELIABLE PRESCRIPTIONS

APRICOT MOLDS CUSTARD

1 envelope unflavored gelatin
1/4 cup cold water
1 1/2 cups apricot nectar
1/4 cup sugar
Dash salt
1/4 cup chopped roasted blanched almonds
Custard sauce
Sprinkle gelatin over cold water to soften. Heat apricot nectar, sugar and salt to just below boiling. Dissolve gelatin in hot nectar. Chill until partially thickened and stir in almonds. Pour into mold and chill until firm.
To make custard sauce, scald 3/4 cup milk with 2 tablespoons sugar and a dash of salt. Beat 1 egg yolk with 1 teaspoon cornstarch; beat in hot milk slowly. Cook and stir over very low heat until slightly thickened. Cool. Stir in a few drops vanilla. Remove apricot gelatin from molds and serve custard sauce over it.

SUNDAY SUPPER

Toast English muffins lightly, spread with butter or margarine, then top with pork and beans in tomato sauce and grated cheddar cheese. Place under the broiler until the beans are hot and the cheese melts. Served with a tossed green salad and lots of good hot strong coffee, these snacks make good Sunday night supper eating.

"SAME SIZE" COOKIES

When you are baking drop cookies make them all about the same size so they'll brown evenly. If you measure the cookie dough with a teaspoon or tablespoon, according to the size you want, the cookies will be uniform.

Crispy Fried Pike

Place in a shallow pan or dish 6 serving-sized pike fillets. Add enough sour milk to cover and 1 teaspoon salt for each pound of filleted fish. Let stand for 20 to 45 minutes. Drain.

Dip each fillet in prepared biscuit mix. Pan-fry over low heat in 2 tablespoons butter and 2 tablespoons shortening. Cook until fish is well browned and slightly crisp on one side. Turn and repeat on second side.

Quick-frozen peas make a fine addition to a beef stew; add the peas about five minutes before the onions, carrots, and potatoes are tender.

Dress Up Creamed Dried Beef With Rice

DRIED beef in a savory cream sauce becomes a dish designed for gourmets when it's all dressed up with a drift of snowy rice. Surround this inviting entree with a gay garnish, keep it company with relish and pickles, then present it with pride and watch it disappear.

DRIED BEEF WITH CELERY RICE

2 T butter
2 T finely chopped onion
1 cup sliced celery, 1/4-inch thick

1-1/3 cups precooked rice
1 1/2 cups water
1/2 t salt
4 T butter
1 1/2 cups (3 1/2-oz. jar) dried beef, cut
1/4 cup flour
2 1/2 cups milk
3/4 t Worcestershire sauce
Dash of pepper

Melt 2 tablespoons butter in a saucepan. Add onion and celery and saute until lightly browned. Add rice, water and salt. Mix just until all rice is moistened.

Apples, Pork Make Good Combination

PORK is plentiful now, so are apples. How about a fine dish combining both these plentiful foods?

Apple-Stuffed Spareribs

Select 2 well-fleshed rib sections that match and weigh about 2 pounds each. Saw or crack the breastbone so that it will be easy to carve between the ribs.

Apple Stuffing

One-half cup chopped celery and leaves
1/2 cup chopped onion
1/4 cup chopped parsley
2 to 3 T. fat
5 tart apples, diced
1/2 cup sugar
1 cup soft bread crumbs
Salt and pepper to taste

Cook the celery, onion and parsley for a few minutes in one-half of the fat, then remove them from the pan. Put the rest of the fat in the pan, heat and add the diced apples.

Sprinkle the apples with the

and saute until lightly browned. Add flour and stir until blended. Then add milk gradually, stirring constantly. Cook and stir over medium heat until sauce is smooth and thickened. Add Worcestershire sauce and pepper. Season with salt, if needed.

Arrange celery rice on platter and top with creamed dried beef. Makes five or six servings.

Note: If dried beef seems too salty rinse in hot water before using.

sugar, cover and cook until tender. Then remove the lid and continue to cook until the apples are candied. Mix the vegetables, salt and pepper with the apples and bread crumbs.

Lay one section of the ribs out flat, sprinkle with salt and pepper and spread with the stuffing. Cover with the other section and sew the two together. Sprinkle the outside with salt and pepper and if desired, with flour.

Lay the stuffed ribs on a rack in a shallow pan. Do not add water and do not cover. Cook in a moderate oven (350 degrees F.-375 degrees F.) until the meat is tender and thoroughly done—allow about 1 1/2 hours.

Turn occasionally for even cooking. Remove the strings before serving. Make gravy from the pan drippings.

Planning menus a day ahead is a thrifty habit. It gives you opportunity to shop for the best thrifty foods and then time to plan how best to cook them.

Dinner: Smoked ham butt, with a mustard glaze, candied sweet potatoes, steamed collard greens, grapefruit salad with French dressing, corn bread, apple pie, coffee, milk.

Dinner: Chicken pot pie, with baking powder biscuits, green peas, lettuce with Russian dressing, orange ambrosia, coffee, milk.

Dinner: Baked macaroni and cheese, hot green bean salad, Italian bread, butter or fortified margarine, grapes and Swedish nut wafers, coffee, milk.

The average man can obtain the calcium he needs by drinking three cups of milk daily.

WESTERN EGGS

3 green onions
2 T. butter or margarine
6 eggs
1/3 cup milk
1/2 t. salt
dash black pepper
1/4 t. Worcestershire sauce
1/3 cup finely diced American cheese

1/3 cup chopped ripe olives.

Slice onions thinly and cook slowly in butter in skillet a few minutes. Beat eggs lightly with milk, salt, pepper, and Worcestershire sauce. Turn into pan with onion and cook over very low heat, stirring occasionally, until almost set. Add cheese and olives and cook until set. Serve at once. Makes 4 servings.

PRUNE NUT SANDWICHES

1 cup dried prunes
2 T. chopped walnuts
1 t. lemon juice
4 slices whole wheat bread.

Soak prunes overnight or until tender. Drain. Pit and chop fine with knife. Add chopped nuts and lemon juice. Mix together lightly. Makes 2 sandwiches with whole wheat bread, using 1/4 cup of filling for each.

FISH COOKING TIP

To steam fish place it on a rack above water level in a tightly covered kettle. Keep the water boiling gently and the steam will cook the fish. Lean fish are a good choice for steaming because they are less apt to fall apart than richer fish. Serve steamed fish with a delicious sauce—one made with thin cream and toasted almonds, for instance.

HOME DRESSED MEATS

ALWAYS FRESH! ALWAYS GOOD!

We process all the meat we sell, except wieners and cold cuts. Each week we process only enough meat for one week. That is the reason our meat is always fresh and has a better taste than most meat you can buy. Also we always process top hogs and beef that has been dry-fed on corn, oats molasses and all the good hay they will eat until they have the finish we want. We have been doing this for the last seven years. During this time we have made a good many changes, always trying to have better meat. We will continue to make changes whenever we think it will improve our meat. We're always willing to listen to suggestions. Remember our meat is guaranteed to satisfy or your money will be refunded. You can buy our meat with confidence.

Spaghetti, Tuna Dish Is Time Saver

THERE'S no getting away from it—seems like women's work is never done. Those moments when you aren't busy or in a hurry are rare ones, which means you're probably looking for quick and easy ways to prepare meals. If that's the situation in your home, then you'll find this spaghetti and tuna dish that almost cooks itself a welcome solution.

DEVILED SPAGHETTI AND TUNA
1 tablespoon salt
3 quarts boiling water
8 ozs. spaghetti
1 10-oz. can cream of celery soup
1 1/2 cups milk
1 7-oz. can tuna fish
1/2 cup chopped cooked spinach
2 tablespoons lemon juice
1/2 teaspoon Worcestershire sauce

freshly ground pepper
2 tablespoons grated onion
Add 1 tablespoon salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander.

In a large bowl, combine remaining ingredients and mix well. Add cooked spaghetti; stir

together. Place in moderate oven (350 F.) 25 minutes. Serves 4 to 6.

HAM AND YAMS
Try wedging cubes of cooked ham, pineapple chunks, and one-inch pieces of cooked yams on skewers; brush with butter or margarine and broil until thoroughly hot. When you turn the skewers during broiling sprinkle a little brown sugar over the yams.

TUNA TIMBALES

3 tablespoons butter or margarine
1/4 cup milk
1/4 cup minced green pepper
1/4 cup dry bread crumbs
1 cup milk
2 eggs (slightly beaten)
1 7-ounce can tuna (drained)
1/2 teaspoon salt
freshly ground pepper
In a saucepan melt butter over low heat. Add green pepper and bread crumbs. Cook, stirring of-ten, for a few minutes. Add milk,

eggs, tuna, salt, and pepper; mix thoroughly. Pour mixture into 4 greased custard cups. Place in a pan of hot water in a moderate (350 F.) oven 30 minutes.

To make Creamy Pickle Sauce: Make a Cream Sauce of 2 tablespoons butter or margarine, 2 tablespoons flour, and 1 cup milk. Stir in 2/3 cup chopped dill pickles, 1/2 teaspoon salt, freshly ground pepper (to taste), and 1/4 teaspoon Worcestershire sauce. Unmold timbales and serve with ten, for a few minutes. Add milk, pickle sauce. Makes 4 servings.

A COAT FOR GLASS

A cracked pane of glass can be weatherproofed temporarily with a coat of shellac on the inside. Vision should not be obstructed by the shellac coat. Breezes and rain will be kept out until the pane is replaced.

If you are sending cookies to Korea, pack them in a metal or wooden box, and line it with waxed paper. Place a cushion of crumpled waxed paper on the bottom of the box.

Couple Married At Hanoverton

HANOVERTON—The Justice of Peace Clyde L. Knestrick married Virgil Pitts of Kensington and Norma Lee Williams of Cleveland at his home on Sunday.

Josephine Furey announced the opening of the Red Cross drive, this week through the month of March.

Sunday visitors in the home of Dr. W. J. Pelley were: Mrs. Irene Harbert, Mr. and Mrs. Carl Harbert and Mr. and Mrs. G. D. Ferguson of Canton, Mr. and Mrs. Paul Pelley of Wellsville, Mr. and Mrs. Bruce Pelley and son of Lisbon and Mrs. B. W. Loudon of Minerva.

Recent Visitors
Mr. and Mrs. Robert Sutcliffe and family and Miss Delores Sutcliffe.

Miss Mildred Pelley of Cleveland and Miss Sondra Sankbeil of Salem were weekend guests of their father and grandfather Dr. H. J. Pelley.

Mr. and Mrs. William G. Lofler of Cleveland were weekend guests in the Howard Hart home.

Mr. and Mrs. Howard Myers of Cleveland were weekend guests of Mr. and Mrs. Joe Wilson.

Rev. Howard Miller of Indianapolis, Ind. was a Friday overnight guest of his sister Mrs. Walter Baker, on his return Saturday his mother Mrs. Bryda Miller accompanied him for a two month stay.

Mrs. E. M. Nicholsen of Cleveland was a Sunday guest of Mrs. Clara Neel.

Attend Birthday Dinner
Mr. and Mrs. William Rush and Mr. and Mrs. Harvey Trough and family attended the birthday dinner given for Elizabeth Jo Bennett at the Winona Methodist Church on Sunday. Elizabeth Jo is the granddaughter of the Rush's.

Mrs. Paulina Sloss was a Saturday overnight guest of her sister and brother-in-law Mr. and Mrs. Burdette Loudon of Minerva.

SI/c Richard Neel who has concluded an 8 day leave with his mother Mrs. Clara Neel returned to his ship the Seabey at Norfolk, Va. on Monday.

HELPS YOU OVERCOME FALSE TEETH
LOOSENESS AND WORRY
No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. FASTEETH, an improved alkaline (non-acid) powder, sprinkled on your plates holds them firmer so they feel more comfortable. Soothing and cooling to gums made sore by excessive acid mouth. Avoid embarrassment caused by loose plates. Get FASTEETH today at any drug store.

WE HAD FIVE BUNGALOWS located in the city on our list. today we have only one left and we don't think we will have it long as it is a dandy! FIVE-ROOM-NEARLY NEW BUNGALOW automatic gas furnace, modern kitchen, nice living room, three bedrooms. Located on large lot, good location. Priced at only \$10,600.

WE HAVE TWO SUBURBAN BUNGALOWS, one five-room strictly modern, located on 12-acre tract of land, two large chicken-houses, garage, plenty of fruit. Located in Damascus area.

THE OTHER IS A NEARLY NEW five room and bath on first floor and three rooms completely finished on second floor, strictly modern, hardwood floors and painted walls. Located on two-acre tract close to town.

WE HAVE SEVERAL OTHER SMALL FARMS, LOTS AND SUBURBAN BUILDING SITES for sale at prices that are right, but we have buyers for five and six-room houses; also some good farm buyers that we have not been able to get located. If you have anything to sell, see us at once as we need new listings.

Communist Leaders Building Hard Party Core In Italy

By WILLIAM L. RYAN
(Third of a Series)

ROME (AP)—The Communists evidently are organizing furiously in Italy to build their Trojan Horse, Moscow's 1952 version of the storied steed that broke the defenses of ancient Troy.

The chain of command from Cominform through the World Federation of Trade Unions (WFTU) and into Italian labor is easily discernible.

Italian non-Communist political leaders profess to discount its importance, but the foreigners in Rome do not. In fact, they are watching the situation most carefully.

The Communists, in control of the biggest labor federation, the General Confederation of Italian Labor (CGIL), have imposed a high level, hard core command over the unions, and the command is organized down to the factory level.

GIUSEPPE DI VITTORIO, a Moscow-trained Communist who shuttles back and forth to Vienna to WFTU headquarters, has installed in each factory what he calls a "Peace Committee." This committee is the cell through which the Communists will exercise their control when and if the chips are down. DiVittorio imposed these committees against the will of many in the unions themselves, and the order which created the committees some time ago had the tone of a military command.

Foreign observers in Rome have little doubt these committees are the "action committees" of the future, ready to react swiftly in the event of crisis. The label "Peace Committee" clearly shows the influence of the Cominform and the WFTU.

The CGIL is one of three major labor organizations in Italy, and by far the strongest. It claims more than five million members, although a more accurate figure probably would be 3 1/2 million. The non-Communist unions are represented by the Confederation of Italian Trade Unions, claiming more than two million members but probably having only 1,400,000, and the UIL, the United Italian Labor with 400,000 members, mostly Socialists.

ITALIAN GOVERNMENT leaders are certain a large percentage of Italy's Communists are Communists of opportunity only, and a big part of the membership of the CGIL would be unreliable for the Communists in the event of a showdown.

But the Communists already have shown they can paralyze Italy with this organization. They did so in 1948, after the attempt on the life of Communist boss Palmiro Togliatti. Shrewd DiVittorio, knowing his Italians, kept the general strike going only so long as he knew it would be supported. When Italian workers began to get restive, he called it off, rather than risk a demonstration that the Red control was not complete.

The CGIL has not been interfering with the unloading of military supplies in Italy from the United States, ever since the Communist attempts to do so in Naples failed. They are up against the hard fact that Italians need jobs and will frequently throw politics overboard in favor of bread. But the Communists are organizing carefully, down to the level of the lowliest worker.

ful organizations in the machinery set up by the CGIL to grant loans without interest to workers in desperate need of money, a gesture the Italian worker understands. DiVittorio is a clever psychologist and knows his people well.

There is some indication that DiVittorio sometimes chafes under the Cominform's discipline, and possibly his position would not be so secure if the Communist party itself had more actual strength. While the party has two million members, the hard core probably is in the area of 100,000 trusted, hard-bitten Stalinists.

The Italian Communist com-

mand includes strongmen Palmiro Togliatti, Pietro Secchia, Renato Bitossi and Luigi Longo.

All are Moscow-brand Communists. Togliatti, 59, a veteran of Fascist jails, is a scholar, an extremely well-educated man who knows how to use words with telling effect. While he still seems to be the boss and to enjoy the favor of Moscow, a large body of opinion in Rome, both foreign and local, is that he would be displaced in a time of crisis.

The man who might take over is Secchia, 49, a tough, Moscow-trained Communist who is a member of the Italian senate. Secchia, a huge man, once used the nom de guerre of "Botte," which means "blows," but also means "barrels." He did a five-year hitch in jail for organizing labor in Turin during the Fascist regime.

The other top Italian Communist is shrewd Luigi Longo, 52, also a veteran of Fascist prisons for his activities among

labor ranks during Fascism. He is considered a powerful behind-the-scenes string puller.
